

Pre-Run Information Bulletin

BFGoodrich Tires 58th SCORE Baja 1000

Opens 8:00 am - October 25, 2025

Remember that the pre-run period is a privilege. We are being allowed to use roads frequently used by residents and neighboring ranch owners. These are their roads, and we must respect them and avoid any action causing an accident or ill will.

SCORE is taking steps to ensure safe pre-run activity. SCORE staff will be present at various randomly selected points along the course during PRE-RUN days. Observers will be checking speeds and overall safe vehicle operations, with special emphasis on compliance on local roads.

These are the rules that were implemented during PRE-RUNNING, starting with the 2025 Baja 400, and will be enforced now and at all future races:

1. **STOP AT CROSSROADS.** For references, SCORE will include STOP waypoints at Road Crossings in the GPS file, and these will also be marked with physical signs. Observe only those marked in the official GPS file.
2. **PRE-RUN SLOWLY IN TOWNS.** SCORE will include in the GPS files and with physical signs, one mile before entering and one mile after leaving or bypassing a town, where we must drive slowly.
3. **BE PATIENT - DO NOT PUSH / PRESS or MOVE OTHER VEHICLES.** SCORE asks you to PRE-RUN patiently if you encounter another competitor who may be going slower or even completely stopped. This is not the race. Please avoid pushing/moving or endangering other competitors or any local vehicles on the road.

SCORE will be extremely vigilant in ensuring compliance with these above three new rules introduced originally at the Baja 400. Penalties will be imposed at the discretion of the RACE DIRECTOR for the following:

- 1.) If you are reported, with evidence, of breaking any of these rules or,
- 2.) If SCORE personnel observes the breaking any of these rules,

A pre-race penalty means you will be starting the race with a penalty already in place! Non-registered racers pre-running on the course must also follow these pre-running rules or possibly be suspended from any future pre-running activities at SCORE events.
